

## **MO HealthNet HELP ON-LINE TRAINING CONFERENCES**

### **SECOND QUARTER - 2008**

#### **Description**

The MO HealthNet Division (MHD) provider education staff can provide interactive training to providers at their office location using the Internet and telephone conference lines. The presentations are relatively short and are usually limited to 60 to 90 minutes in length.

**Providers should be certain the training session they are requesting matches the provider type listed on the schedule.**

The help training conferences can be for an individual or for a group up to ten (10) connections. However, each registration is limited to one telephone dial-in and one (1) Internet connection. If more than one (1) person at a provider location is participating, the phone and Internet connection must be shared by all participants at the location. If you intend to use a speaker phone, you must ensure that there will be minimal background noise and conversation.

The provider must have access to the Internet and must be using a current browser program (Internet Explorer 5/6/7 or Netscape 5 or higher, that is Windows Vista compatible).

#### **Scheduled Training Sessions**

Scroll to the following pages for a list of scheduled training sessions for specific provider types. You can ask to be included in a session by clicking onto the date of session you wish to participate in or by sending an E-mail to [mhd.provtrain@dss.mo.gov](mailto:mhd.provtrain@dss.mo.gov). In your E-mail, please include the **name of the participant, name of provider, provider number, the date and time of the session, a phone number where we can reach you on the day of the session and your E-mail address.** You will be notified by E-mail of confirmation with special instructions prior to the date of the session. You will also be notified if space is not available.
